

Reaching tomorrow's inventors

- Established in July 2023 to inspire the **next generation of inventors** across Europe by awakening a **passion for innovation**
- Network of former **European Inventor Award and Young Inventors Prize finalists and inspiring scientists**

The scientist plans
an inspiring
educational activity
(target age 6-18)

The scientist
contacts the school
and proposes the
activity

The scientist
fills out the
grant form on
the webpage

The **European
Inventor Network**
provides a grant of
EUR 2k-6k depending
on the activity outreach

The grantee
implements the
school activity

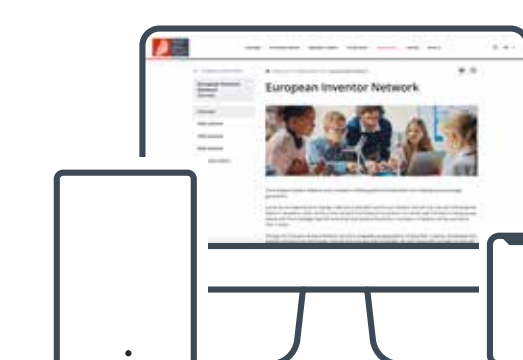

Tip: The school activity can be one-time event or a series of sessions, under a single grant

No cost for the school
